

ID: TC003_APP2_UI_FONT_SIZE

Status: **FAILED**

Title: Checking the font size change in settings

Priority: Medium

Testing type: UI Testing

Author: Dmytro

Date: 06.07.2026

Preconditions:

1. The user is authorized in the program.
2. The settings page is opened (section "Global Settings").

Steps:

№	Action	Expected result	Actual result
1	Set default text size (Medium)	Text size matches settings without defects	Text size matches settings without defects
2	Go to Settings and the "Global Settings" section.	Global settings window opened	Global settings window opened
3	Change the value from "Medium" to "Large" and save the changes.	Settings saved	Settings saved
4	Return to the main screen and visually compare the text size.	The text size has increased compared to first step. All text elements are displayed correctly.	The text has not changed. The default text size (medium) remains.

Environment:

Device: Samsung A26 5G

OS: Android 16

App version: 1.2.2

Network: Wi-Fi
